PROFESSIONAL SUMMARY

Computer Applications student with a strong foundation in web development, passionate about creating visually appealing and user-friendly web interfaces. Seeking a Front-End Developer role to leverage skills in HTML, CSS, Bootstrap, and WordPress to contribute to innovative projects. Proven ability to work both independently and as part of a collaborative team.

SKILLS

- **Frontend:** HTML5, CSS3, JavaScript, Bootstrap, Tailwind, React.js, Redux
 - **WordPress:** Theme development, customization, and plugin integration
 - **Programming Languages:** JavaScript, Python, Java, C, C++, R
 - **Backend:** Node.js, Express.js
 - **Databases:** MongoDB, MySQL
 - **Tools:** Git, GitHub, Postman, MongoDB Atlas
 - **Other:** Understanding of SEO best practices, web performance optimization, and cross-browser compatibility
-

PROJECTS

React Blog App

Git Hub Link :- https://github.com/saurabhack/blog_app_using_react.git

Live Link : <https://blog-app-using-react-lemon.vercel.app/>

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB

- Developed a fully functional blog application with a responsive user interface using React.js and Tailwind CSS.
- Implemented features for creating, editing, and viewing blog posts, providing a smooth user experience.
- Integrated Node.js and Express.js for handling backend operations and API integration.

Firebase Contact Management System

Git Link:- https://github.com/saurabhack/Contact_app_using_react_and_Firebase.git

Live Link:- <https://contact-app-using-react-and-firebase-swart.vercel.app/>

Tech Stack: React.js, Tailwind CSS, Firebase

- Developed a responsive contact management system using React.js and Tailwind CSS for an intuitive user interface.
- Integrated Firebase for real-time database management, enabling users to add, edit, and delete contact information.
- Implemented authentication using Firebase Authentication for secure access control.
- Utilized Firestore for efficient storage and retrieval of contact data, ensuring smooth data synchronization across devices.

English-to-Spanish Translator

Git Hub :- <https://github.com/saurabhack/languageTranslatorIsAvailable.git>

Live Link :- <https://language-translator-is-available.vercel.app/>

Tech Stack: React.js, Tailwind CSS, API Integration

- Developed a real-time English-to-Spanish translator using React.js for dynamic front-end rendering and Tailwind CSS for a responsive UI.
 - Integrated a third-party translation API to facilitate accurate and fast language translation.
 - Implemented features allowing users to input text, view translations instantly, and switch between languages for a seamless experience.
 - Focused on user-friendly design and performance optimization for smooth translation results.
-

EDUCATION

MERN Stack Diploma Course

Felix IT's | *May 2024 - Sept 2024*

Bachelor of Computer Applications

Dahiwadi College, Satara | *June 2021 - May 2024* | CGPA: 7.5

ACHIEVEMENTS

- **DevQuest Hackathon:** Awarded second prize by Felix IT's.
- **Problem Solving:** Earned three stars on HackerRank.
- **Coding Competition:** Secured first prize in a college-level coding competition.
- **Sql Basic Certification :** Earned Sql Basic certificate from Hackerrank
- **Javascript Basics Certification :** Earned javascript Basic certificate from Hackerrank
